SAVE THE DATE!

September 14th, 2019

10 a.m. – 11:30 pm

Greetings from the North Carolina Aquarium!

We invite you to attend our **Aquarium Teen Ambassador (ATA)** parents' meeting at the North Carolina Aquarium at Pine Knoll Shores. This program is open for rising 7th-12th grade students that are interested in marine science and aquatic life. Through instructor-led group activities and hands-on experiences, participants in this program will learn about the diverse marine life along our coast and how to take an active role in protecting species and habitats.

Teen Ambassadors, led by Aquarium staff, will meet twice a month from **September 2019 to April 2020** (*once a month in December and January*) for a program that will inspire a sense of wonder, while building and strengthening relationships with like-minded youth. In addition, social opportunities will be provided for the Teen Ambassadors, as well as additional volunteer opportunities to work with special programs such as Santa by the Sea, Fairy Day and field conservation projects.

The program is designed to be fun and rewarding with a focus on youth development, community service, skill building, and leadership. The ATA program requires a time commitment of 6-8 hours per month (*mostly on Saturdays*) for seven months. A one-time program fee of \$80 is due at the time of registration.

If you are interested in participating in this program, you and your child must attend a mandatory meeting in the Soundside Hall at the NC Aquarium at Pine Knoll Shores on Saturday, September 14th from 10am-11:30pm.

We look forward to meeting you and your child as we launch the fourth year of our exciting ATA program. If you have any questions, please do not hesitate to contact us at the number below. Thank you and we hope to see you soon!

Sincerely,

Aly Mack
Volunteer Coordinator
