REQUESTS FOR TESTING ACCOMMODATIONS

Deadline for requests: 08/31/2020

In accordance with the Americans with Disabilities Act (ADA), NCHEC will strive to ensure that no individual with a disability is deprived of the opportunity to take the examination solely by reason of that disability.

A candidate who has a disability may request accommodations and arrangements to take the examination. Such requests must be in writing and accompany the application (See Appendix C: Testing Accommodations Form). Verification of disability and statement of assistance needed must be included.
Documentation by a competent individual (e.g., physician) of a specific disability must be submitted with the application and completed form. All requests are evaluated on a case-by-case basis and are subject to approval. Test center personnel will be prepared to handle pre-approved accommodations.

Note: Eligible candidates may NOT schedule a test time/location through Prometric until all accommodations documents have been submitted and approved by the NCHEC exam coordinator. All requests for testing accommodations must be received by application final deadline.

\* SCHEDULING YOUR EXAM APPOINTMENT \*

NCHEC certification exams are administered in a computer-based format through Prometric, NCHEC’s test delivery vendor, at technology-enabled testing centers across the United States, as well as additional global sites. Prometric is a leader in computer-based—test administration with best-in-class testing facilities and a trained, fully certified testing staff.

Once you have been found eligible to take the MCHES® exam you will receive an “Authorization to Test” (ATT) letter which will include your Eligibility ID Number. With this Eligibility ID number, you can then schedule your appointment online at prometric.com/nchec or by calling the Prometric support line at 800-727-8490.

Applicants are strongly encouraged to schedule an exam appointment right away to obtain a preferred test date, time and location. Do not wait until the exam testing window opens to schedule a time slot, as appointments are scheduled on a first-come, first-serve basis. Should a candidate be unable to schedule an exam appointment within the exam testing window, fees will not be refunded or transferred.

When scheduling your appointment with Prometric, please be prepared to submit the following information:

- First and last name exactly as it appears on your ATT, which should match the unexpired, government-issued ID you will use as proof of identity at the testing center.

\* NOTE: If your ID does not EXACTLY match the first and last name on your application, YOU WILL NOT BE ADMITTED TO THE TEST CENTER. \*

- Your Eligibility ID number as listed on your ATT.

Candidates will receive an email from Prometric confirming their exam appointment day/time and confirmation number. Your appointment confirmation number will be required to confirm, reschedule/change, or cancel your exam appointment. Note that your confirmation number will be different from the Eligibility ID number. It is the responsibility of the candidate to confirm the correct date and time of the scheduled exam appointment. NCHEC will not be able to reschedule missed appointments.

Testing accommodations must be approved in advance by NCHEC staff. (See Appendix C: Testing Accommodations Form, page 23) Eligible candidates may NOT schedule a test time/location through Prometric until all accommodations documents have been submitted and approved by the NCHEC exam coordinator. All requests for testing accommodations must be received by application final deadline. After receiving advance approval for accommodations by NCHEC, call Prometric at 800-967-1139 to schedule your appointment. If your only accommodation is additional time, you may schedule online at prometric.com/nchec.

\* CHANGES TO YOUR EXAM APPOINTMENT \*

**RESCHEDULING YOUR APPOINTMENT**

We understand that schedules can change. However, this option is available and intended to be used only if you need to change your appointment time within the same testing window. Please note that rescheduling is NOT the same as transferring your exam cycle.

- Rescheduling your testing appointment can be completed by contacting Prometric 30 or more
calendar days prior to your scheduled appointment with no fee.

- Rescheduling done within 2 to 29 calendar days prior to your scheduled appointment will require a $30 rescheduling fee paid directly to Prometric.
- Requests less than 2 calendar days prior to the scheduled appointment will not be granted and will be treated as a No-Show (see page 10)

If a candidate is unable to test during the scheduled exam window and fails to reschedule, fees will not be refunded except in the case of a medical or personal emergency. In the case of such an emergency, supporting documentation will need to be supplied to NCHEC within 30 days after your scheduled exam test date.

CANCELLING/WITHDRAWING

This option is available and intended to be used if you are not anticipating taking the exam in the future. Cancellation requests must be submitted in writing directly to NCHEC. Request must be received no later than the final registration deadline of 8/31/2020. You will be refunded the exam fee minus the $100 nonrefundable processing fee. If NCHEC does not receive notification that you have withdrawn/cancelled before the final registration deadline, candidates will automatically be considered a “No-Show” and all registration fees are forfeited. If you have scheduled an exam appointment, you must cancel through Prometric as well.

DEFERRING/TRANSFERRING

This option is available for candidates who wish to reschedule/transfer/defer to the next exam testing window.

Step 1. If you have a scheduled appointment, you must first cancel your appointment through the Prometric website portal or hotline before the final registration deadline of 8/31/2020.

Step 2. You must then submit a written request (email acceptable) directly to NCHEC, no later than the final registration deadline for the exam testing window in which you applied or registered. The fee to transfer/defer to the next exam testing window is $125.

Important note: Please make sure to follow this two-part process carefully for a successful transfer. If both steps are not completed within the necessary timeframe, candidates will move into the “No-Show” category, as outlined below, and registration fees are forfeited.

Refunds are only available for the exam cycle in which you first applied. Refunds on previously transferred exam appointments are not available.

IF YOU DO NOT KEEP THE APPOINTMENT (NO-SHOW)

If you do not take the exam on the scheduled date, arrive to the testing center more than 30 minutes after your scheduled exam time, did not cancel or reschedule within the required time frame, or never scheduled an appointment, you are considered a “No-Show.” As NCHEC must pay for each candidates scheduled seat, you would forfeit all exam registrations fees as a No-Show. Please make sure to schedule your appointment ahead and arrive on time to avoid becoming a No-Show.

“No-Show” candidates can register for the next exam window for an additional $150 rescheduling fee. This reduced fee is only valid for the next scheduled exam date: thereafter, full registration is required. NCHEC will send new registration instructions for the next scheduled exam testing window within 30 days from the closing of the current exam testing window. Unexpected circumstances will be considered and fee waiver requests will be reviewed for medical or personal emergencies as described below.

IN CASE OF PERSONAL OR MEDICAL EMERGENCY

For the purpose of the NCHEC certification programs, medical or personal emergencies are defined as unplanned events affecting the candidate or immediate family member(s) (spouse, child or parent), which arise within five days of the scheduled exam appointment and prevent the candidate from taking the exam, or from rescheduling or cancelling an exam appointment.

An event that can be anticipated cannot be considered a medical or personal emergency. A candidate’s inability to take the exam due to work commitments or insufficient or inappropriate preparation cannot not considered a personal emergency.

PREPARING FOR THE MCHES® EXAM

EXAM FORMAT AND DURATION

The MCHES® exam consists of 165 multiple choice (four-response) questions; 15 of the items are used as pilot items and do not contribute to the final score on each exam. The candidate is not told which items are being piloted and which items are being scored. Each question contains four possible multiple choice answers; only one answer is correct. Exams are delivered only in a computer based format available at Prometric test centers. Candidates are allotted 3 hours to complete the exam. Considering the tutorial, consent and post exam survey, the duration of the exam appointment is a maximum of 3 hours and 30 minutes.

Each section shows a countdown timer on the screen, and each section is separate and time-independent. Minutes do not roll over. For instance, if a candidate spends less time in the introduction, extra minutes are not rolled over to the exam portion. For your convenience, Appendix B provides the text of the Non-Disclosure/Confidentiality Agreement you will be asked to agree to prior to taking the exam. Please review it prior to your exam date so that you do not require more than two minutes to respond, as your test will timeout and may not be able to be restarted.

NCHEC reserves the right to investigate each incident of misconduct or irregularity. Prometric has outlined guidelines for conduct in their test center on their web site at www.prometric.com.

WEATHER & LOCAL OR NATIONAL EMERGENCIES

If there is severe weather or a local or national emergency near the testing center, check prometric.com/sitestatus for updates on closures. In the event that Prometric cancels an exam due to severe weather or a local or national emergency, you will not be assessed a rescheduling fee.

SECURITY

No part of the exam may be copied or reproduced in part or in whole by any means whatsoever, including memorization. Candidates may not solicit questions or discuss items that were on previous exams with other NCHEC candidates or individuals who hold the MCHES® credential. Candidates are required to sign an affirmation and agreement statement on the application and a confidentiality agreement at the time of taking the exam. Violation of the affirmation and agreement may result in suspension or revocation of the MCHES® credential from those who have received it or suspension and/or denial of eligibility for future exams.

EXAMINATION GRIEVANCE

Any complaints regarding testing conditions or irregularities must be submitted in writing within two weeks after the examination date. We value constructive feedback to help us provide a comfortable exam environment.
HOW THE MCHES® EXAM IS SCORED

NCHEC has used the Modified Angoff method and variations of this method to set the passing point for the MCHES® examination. The Modified Angoff method is the most widely used criterion-referenced passing point technique within the credentialing industry and is based on the judgment of content experts regarding the expected test performance of candidates who are just qualified. This criterion-referenced procedure sets the performance standard before the examination is taken by candidates. Therefore, this standard is independent of examinee performance. Essentially, this method allows subject-matter experts to establish a consistent level of knowledge that is expected of professionals who are just qualified for certification. There is also no penalty for guessing on an item on the exam. The results are reviewed by NCHEC and a final standard is set. This standard is upheld on every subsequent form of the MCHES® examination using a statistical process called equating. Although all examination forms are based on the same test blueprint and are carefully constructed to have similar difficulty levels, slight differences in difficulty are unavoidable. To ensure that candidates who take an easier or more difficult form of the examination do not have an advantage or disadvantage, equating is used to adjust the passing point for the difficulty level of the form.

RECEIVING YOUR RESULTS

Due to the smaller number of eligible MCHES® candidates, the MCHES® exam is officially scored after all candidates have completed the exam in order to provide the most reliable scoring results as advised by expert psychometricians and to protect the accuracy and validity of the MCHES® exam. Official notification of complete scores (for both pass and did not pass candidates) will be mailed, four to six weeks after the exam testing window closes. To protect confidentiality, results will not be provided by e-mail, phone or fax.

Candidates will receive an official scaled score report showing each candidate’s overall pass or fail status, as well as diagnostic information about the candidate’s performance in each Area of Responsibility or domain. A diagnostic level of “proficient,” “moderately proficient,” or “below proficient” will be presented for each Area of Responsibility. To protect confidentiality, results will not be provided by e-mail, phone or fax.

For more information about NCHEC exams and pass rates, please visit https://www.nchec.org/mches-exam-background-and-scoring.

IF YOU DO NOT PASS THE EXAM

If you do not pass the MCHES® exam, you may not choose to retest during the current exam testing window. However, you may retake it in the next consecutive exam testing window, at a reduced rate. This reduced rate is only available to you in the next consecutive exam testing window. If you chose to retest in a cycle beyond the next available exam, you will need to pay the full exam fee and resubmit your application. There is no limit to the amount of times you can take the MCHES® examination. Remediation after multiple unsuccessful attempts is highly encouraged.
**MCHES® CERTIFICATION**

By passing the exam, you become a Master Certified Health Education Specialist (MCHES®) and earn the honor of using this credential. Each MCHES® will receive a certificate suitable for framing. A wallet-sized identification card is available to print through your online account; a hard copy is available upon request.

**ACCEPTABLE USE OF CREDENTIAL**

After receiving official notification of passing the MCHES® examination, the designation (MCHES®) may be used only as long as certification remains valid and in good standing. Certified individuals must comply with all re-certification requirements to maintain use of the respective credential and its associated acronym. Certified individuals may not make misleading, deceptive, or confusing statements regarding their certification status. If an individual allows their certification to fall into lapsed/expired status, he or she must immediately discontinue use of the associated acronym and is prohibited from stating or implying certification is current.

**MAINTAINING THE CERTIFICATION**

The MCHES® certification is valid for a period of five years. All MCHES® must renew their credential annually, and recertify every fifth year. Renewal requires paying the annual renewal fee. Recertification requires accruing a total of 75 continuing education contact hours (CECH) by the end of the fifth year. At least 45 of these CECH must come from offerings by NCHEC preapproved designated providers (Category I); the remaining 30 CECH may come from other providers (Category II). Of the 75 CECH, 30 of those CECH must be linked to advanced-level Sub-competencies from Category I and/or II for each certification cycle. It is recommended that MCHES® accumulate a minimum of 15 hour each year. A Renewal/Recertification Policies and Procedures booklet is available on our Web site at nchec.org/renewal-and-certification.

Please Note: Continuing education credits earned as a CHES® do not carry over; however if you earned more than 75 credits in your current MCHES® cycle, a maximum of 15 credits are eligible to be carried over as entry-level into the MCHES® certification cycle.

The philosophy behind the policy is that continuing education toward recertification needs to be part of the ongoing commitment to professional development, not something done in the past. This becomes especially important as the Responsibilities, Competencies and Sub-competencies that are the basis of the certification and the continuing education requirement for recertification are updated every 5 years. The 75 credits must be earned within the current 5 year period and also at least 30 of them must be in the advanced level.

**DISCIPLINARY POLICY**

By applying for certification or recertification, Health Education Specialists recognize the authority of NCHEC to apply the Health Education Code of Ethics (see section below) to those certified. If disciplinary actions are recommended as a result of an ethics investigation, the accused will be given full due process, including an appeal.

A Master Certified Health Education Specialist (MCHES®) certification may be suspended or revoked for reason(s) deemed appropriate by NCHEC including, but not limited to, the following:

1. Falsification of the certification application
2. Falsification of any information requested by NCHEC
3. Misrepresentation of certification status
4. Cheating (or reasonable evidence of intent to cheat) on the examination
5. The conviction or plea of guilty or plea of nolo contendere to a felony in a matter related to the practice of, or qualifications for, professional activity
6. Gross negligence or willful misconduct in the performance of professional services, or other unethical or unprofessional conduct based on demonstrable, verifiable, and serious violations of the Health Education Code of Ethics
HEALTH EDUCATION CODE OF ETHICS

The health education profession is dedicated to excellence in the practice of promoting individual, family, and organizational and community health. The Health Education Code of Ethics provides a basis of the shared values of practicing health education specialists. The responsibility of all MCHES® is to aspire to the highest possible standards of conduct and to encourage the ethical behavior of all those with whom they work.

Please refer to the full Health Education Code of Ethics on nchec.org/code-of-ethics for more information on all Articles of Responsibility.

ETHICS VIOLATIONS

1. Complaints regarding possible ethics violations of a CHES®/MCHES® must be submitted in writing to the NCHEC Executive Director. The complaint must include the accuser’s name and contact information. Individuals bringing complaints are not entitled to any relief or damages by virtue of this process, although they will receive notice of the actions taken.

2. Complaints will undergo an administrative review of documentation by the Disciplinary Committee of the NCHEC Board of Commissioners within 30 days of receipt by NCHEC to determine if the alleged action falls within the scope of disciplinary policy and warrants investigation.

3. The accused will be notified in writing of complaint within 14 days after the administrative review. Further, in the absence of unusual circumstances, the accused will receive the original complaint and documentation including the name of the accuser.

4. The accused will be given an opportunity to formally and in writing admit to or refute the accusation in 30 days from letter date, thus ensuring due process in the review.

5. The investigation may require procuring additional materials and interviews with relevant people.

6. If it is determined that there was a bona fide violation of ethics, the consequences can range from a letter of reprimand with warning, requiring the accused to complete an educational intervention on ethics, suspension, or revocation of the certification. Complainant and the certificant will be notified of the final decision of the Disciplinary Committee.

7. Every effort will be made to reach a decision in a timely manner; however, extended time may be needed to ensure full due process.

8. Actions taken do not constitute enforcement of the law, although referral to appropriate federal, state, or local government agencies may be made about the conduct of the certificant in appropriate situations.

9. NCHEC will publish suspensions and revocations on the website.

APPENDIX C: TESTING ACCOMMODATIONS FORM

TESTING ACCOMMODATION REQUEST FORM

In accordance with Americans with Disability Act (ADA), NCHEC will strive to ensure that no individual with a disability is deprived of the opportunity to take the examination solely by reason of that disability. A candidate who has a disability may request accommodations and arrangements to take the examination. To request testing accommodations, the exam applicant must complete this form. Verification of disability from a qualified licensed individual or university disability center of specific disability must be submitted with the application and completed form. The qualified individual must be an individual qualified to assess, diagnose and treat the stated disability. Any information and documentation provided regarding the disability and the need for accommodation in testing will be kept strictly confidential and will only be shared with our testing center. All requests are evaluated on a case-by-case basis and are subject to approval. Test center personnel will be prepared to handle approved accommodations.

NCHEC will not pay any costs the candidate may incur in obtaining the required documents and recommendations. However, NCHEC will pay for any reasonable exam-related accommodations that are provided to the candidate.

What is the disability that limits one or more of your major life activities (e.g., walking, hearing, speaking, seeing, reading, or writing)?

Will this disability require testing accommodation(s) that have been documented by a physician or university disability center, in order for you to take the NCHEC certification exam?

☑ Yes ☐ No

If YES describe the special accommodation(s) you are requesting. Use a separate sheet if more space is needed. If requesting additional time, please indicate length of time needed (i.e. time and a half, double time, etc.)

By submitting this Testing Accommodations Request, I consent to the transfer, collection, processing and use of my information by the National Commission for Health Education Credentialing, Inc., an entity located in the United States, in accordance with the NCHEC Privacy Policy, and solely for the purpose of evaluating and providing the requested testing accommodation(s). Further, I understand that NCHEC may disclose and transfer such information to NCHEC’s testing center partner, only as reasonably necessary to provide the requested testing accommodation(s) at the testing site. Such information will be treated with strict confidence, in accordance with the NCHEC Privacy Policy and the CHES®/MCHES® Handbooks.
